## BENOR certificate No. 418/2044/0400

This product certificate has been issued on basis of the provisions of the Application regulation for the BENOR certification of concrete reinforcing steel TRA 418 for the production of

### lattice girders

in accordance with PTV 305 (2021) technical requirements and applicable Belgian standard NBN A 24-301.

By issuing this certificate, PROCERTUS declares that, on the basis of a regular external inspection of the industrial autocontrol and by means of audit testing in an external laboratory, sufficient confidence can be given to the measures taken by the holder of the certificate to ensure compliance with the technical requirements and the applicable Belgian standards.

The BENOR annex to this certificate with the data relating to the certified product will be authenticated by PROCERTUS. On the basis of the issuance and the maintenance of the certificate, PROCERTUS grants the holder of the certificate the right to use the BENOR mark. Proof of delivery of a product under the BENOR mark is provided by an appropriate identification on both the product and the delivery documents and, if the case arises, on the packaging.

The use of the BENOR mark does not relieve the certificate holder of any responsibility for the delivered product.

The validity of this certificate can be verified on <https://extranet-steel.procertus.be> or by scanning the QR code on this certificate.
